CAPE TOWN TO HOST WORLD'S LARGEST OPEN SCIENTIFIC CONFERENCE ON HIV/AIDS

24 July 2007, Sydney, Australia - The International AIDS Society (IAS) today announced the selection of the South African city of Cape Town as host of the world's largest open scientific conference on HIV/ AIDS – the 5th IAS Conference on HIV Pathogenesis, Treatment and Prevention (IAS 2009) - in July 2009. The event will be organized by the IAS, in partnership with South African-based NGO, Dira Sengwe, organizer of the series of South African AIDS Conferences. Held every two years, the conference attracts about 5,000 delegates from all over the world. It is a unique opportunity for the world's leading scientists, clinicians, public health experts and community leaders to examine the latest developments in HIV-related research, and to explore how scientific advances can – in very practical ways – inform the global response to HIV/AIDS.
